西布罗妥珠单抗ELISA检测试剂盒

Sibrotuzumab ELISA Kit

货号：RB9T37017339

在您使用本产品前请认真阅读说明书，这对您顺利完成实验很有帮助。

产品编码
RB9T37017339

中文名称
西布罗妥珠单抗ELISA检测试剂盒

英文名称
Sibrotuzumab ELISA Kit

应用
ELISA

登录号
Q12884

靶标
西布罗妥珠单抗酶联免疫检测试剂盒

检测方法
Colorimetric

灵敏度
0.156 μg/ml

检测范围
0.31-5 μg/mL

回收率
80-120%

样本类型
Plasma, Serum

检测类型
Quantitative

背景信息

Sibrotuzumab (also known as BIBH 1) is a humanized monoclonal antibody (mAb) which has the high affinity to bind to fibroblast activation protein (FAP), which is highly expressed by stroma cells of tumors. In addition, it was intended and developed by Boehringer Ingelheim Pharma KG for the treatment of cancer. Firstly, this drug was designed to fight against various malignancies, such as colorectal, non-small cell lung, breast, as well as head and neck cancer. However, it is disappointing that in 2003 it failed a phase II clinical trial for metastatic colorectal cancer. At present, there is no relevant clinically approved information disclosure.

别名

BIBH1, 216669-97-5

稳定性和储存

The stability of ELISA kit is determined by the loss rate of activity. The loss rate of this kit is less than 10% prior to the expiration date under appropriate storage condition.

运输条件

2-8 ℃

For Research Use Only.
