特泽鲁单抗ELISA检测试剂盒

Tezepelumab ELISA Kit

货号：RB9T37017365

在您使用本产品前请认真阅读说明书，这对您顺利完成实验很有帮助。

产品编码
RB9T37017365

中文名称
特泽鲁单抗ELISA检测试剂盒

英文名称
Tezepelumab ELISA Kit

应用
ELISA

登录号
Q969D9

靶标
特泽鲁单抗酶联免疫检测试剂盒

检测方法
Colorimetric

灵敏度
0.156 μg/ml

检测范围
0.31-5 μg/mL

回收率
80-120%

样本类型
Plasma, Serum

检测类型
Quantitative

背景信息

Tezepelumab is a first-in-class human monoclonal antibody that binds to TSLP, thus inhibiting its interaction with TSLP receptor complex. Tezepelumab given as an add-on-therapy to patients with severe uncontrolled asthma has shown safety, tolerability and efficacy. Several trials are evaluating the long-term safety and the efficacy of tezepelumab in adults and adolescents with severe uncontrolled asthma.

别名

AMG 157, AMG-157, MEDI-9929, MEDI9929, anti-TSLP-Receptor (TSLP-R, Crl2), 1572943-04-4

稳定性和储存

The stability of ELISA kit is determined by the loss rate of activity. The loss rate of this kit is less than 10% prior to the expiration date under appropriate storage condition.

运输条件

2-8 ℃

For Research Use Only.
